

Task 1

Scrap the books(title, price, rate,category) and put them into a csv file

<https://books.toscrape.com/index.html>

Task 2

Scrap the USD To EGP Exchange rate from this website

<https://www.exchangerates.org.uk/Dollars-to-Egyptian-Pounds-currency-conversion-page.html>

and then use it to make a software that takes amount of USD Dollars from the user and calculate how much will it cost in EGP.
